

PadPak[®] AJR

Batch

Excellent in protection,
affordable in use

Flexible

Pads can be used for items of all shapes and sizes

Cost efficient

Less material needed to provide optimal protection

Simple

Converter is easy to use, no training is needed

The PadPak AJR Batch converts 2 layer paper into exceptional cushioning pads which can be used to protect products of all shapes and sizes during shipment. The converter is fast, easy to install or to move around, and requires no special training. All of the benefits of the PadPak JR with the added convenience of an automatic cut mechanism, a digital interface and additional modes of operation.

Go Green

Our company works with FSC and SFI certified suppliers. Paper is climate neutral, recyclable and also a renewable source.

Converter

- Dimensions: 33" x 76" x 30"
- Weight: 165 lbs.
- Power: 115 VAC, 60 Hz, 2 Amps
- Feed Rate: 12" per second
- Cut Method: Electric Motor

Paper

- Base weight (lbs.):
2-Ply: 50/50
- Roll length (ft.): 900
- Paper width: 27"

Our Added value

Packaging Engineering

Ranpak analyzes your current packaging solution. The drop test shows exactly how much shock is transmitted to your products through the packaging. Ranpak then suggests alternatives how to improve protection or save costs.

Integrated Applications

The Ranpak Custom Engineering department can design structures, frames and other innovative solutions to integrate the packaging converter anywhere around, above or under a packing area.

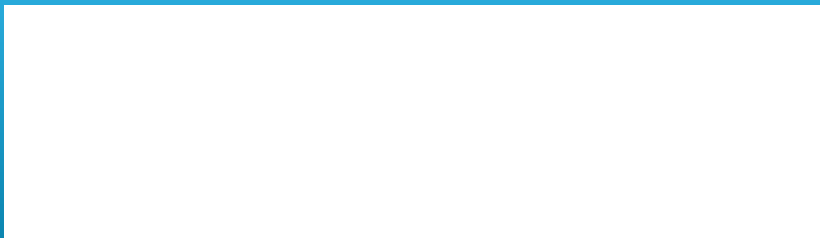

Packaging Training

Training from our packaging experts will help your packers to use up to 20% less packing material, without compromising the quality of the packaging.

Successful in these industries

Automotive	Computers	Electronics	Housewares
Industrial Parts	Machinery/Engines	Tools/Hardware	Toys/Sporting Goods
